FULLER NAMED HP SCHOLASTIC JUNIOR ALL-AMERICAN

Temecula, Calif., native honored by the AJGA, HP for achievements on the golf course, in the classroom

BRASELTON, Ga. — Kylie Fuller of Temecula, Calif., was named an HP Scholastic Junior All-American by the American Junior Golf Association and HP Tuesday. The 2006 team, sponsored for the 12th consecutive year by HP, consists of 12 young men and 12 young women who demonstrate the ability to excel both on the golf course and in the classroom.

To be eligible for the HP Scholastic Junior All-America Team, boys must have placed in the top 10 of an AJGA event, while girls needed a top-five finish. The selections were then based on grade-point average, class rank, SAT/ACT scores, leadership skills, community service and writing ability. Candidates were required to submit an essay no longer than 400 words that creatively focused on the game of golf.

These outstanding individuals will be honored during the Rolex Junior All-America Awards Banquet Nov. 19 at The Cloister in Sea Island, Ga. By being named to this team, Fuller is also eligible to participate in the Polo Golf Junior Classic – one of the most prestigious events in junior golf – taking place Nov. 18-24 at Sea Island Golf Club in Sea Island, Ga.

Fuller, a junior at Chaparral High School, is ranked 10th in her class of 737 students and maintains a 4.115 GPA. Fuller is very active in Peer Leaders at her school and has enjoyed much success on the golf course. Fuller had two top-five finishes in AJGA tournaments in 2006, including a third-place showing at the TEE UP Junior Challenge in San Ramon, Calif.

“HP is delighted once again to recognize academic excellence with the naming of the 2006 HP Scholastic Junior All-America Team,” said John Dayan, vice president of marketing, Personal Systems Group Americas, Hewlett Packard. “The AJGA works hard to prepare young adults for life after high school by instilling honor, perseverance and good sportsmanship. HP is proud to be associated with the AJGA and this great group of young adults.”
